I miss my grandma.
She was the only one who
believed in me, she was the
only parent that I had.

She lived a very painful life
but she still managed to be kind
to others.

I've always promised her
that I'll treat her with my
first salary but she passed
away one month before my
graduation.

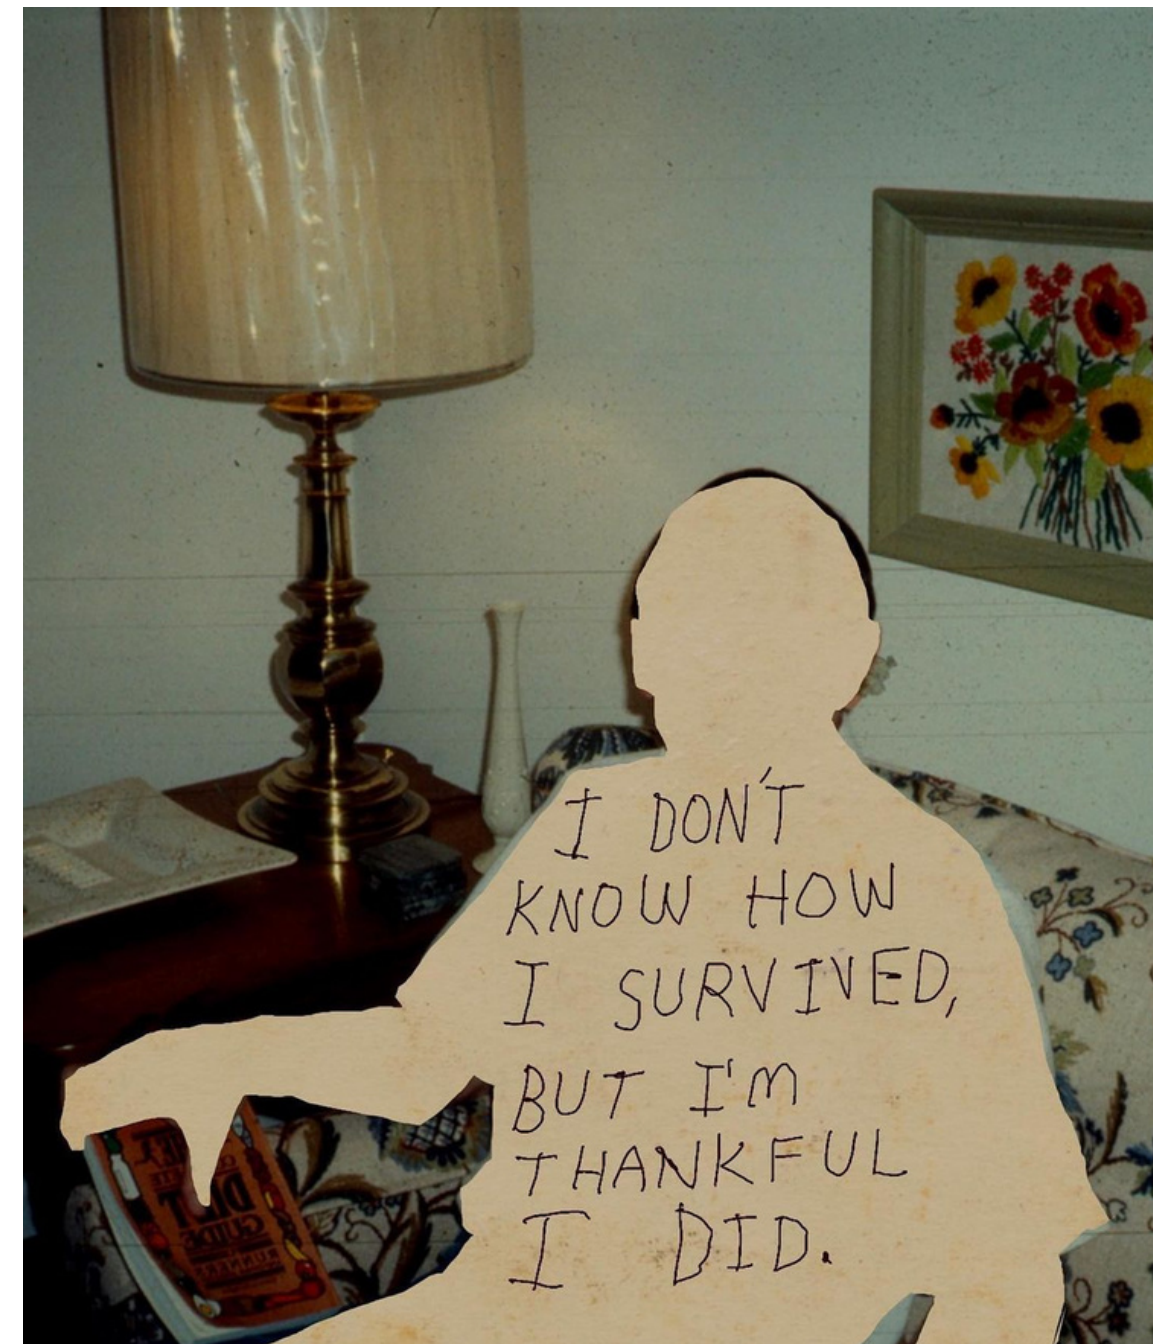

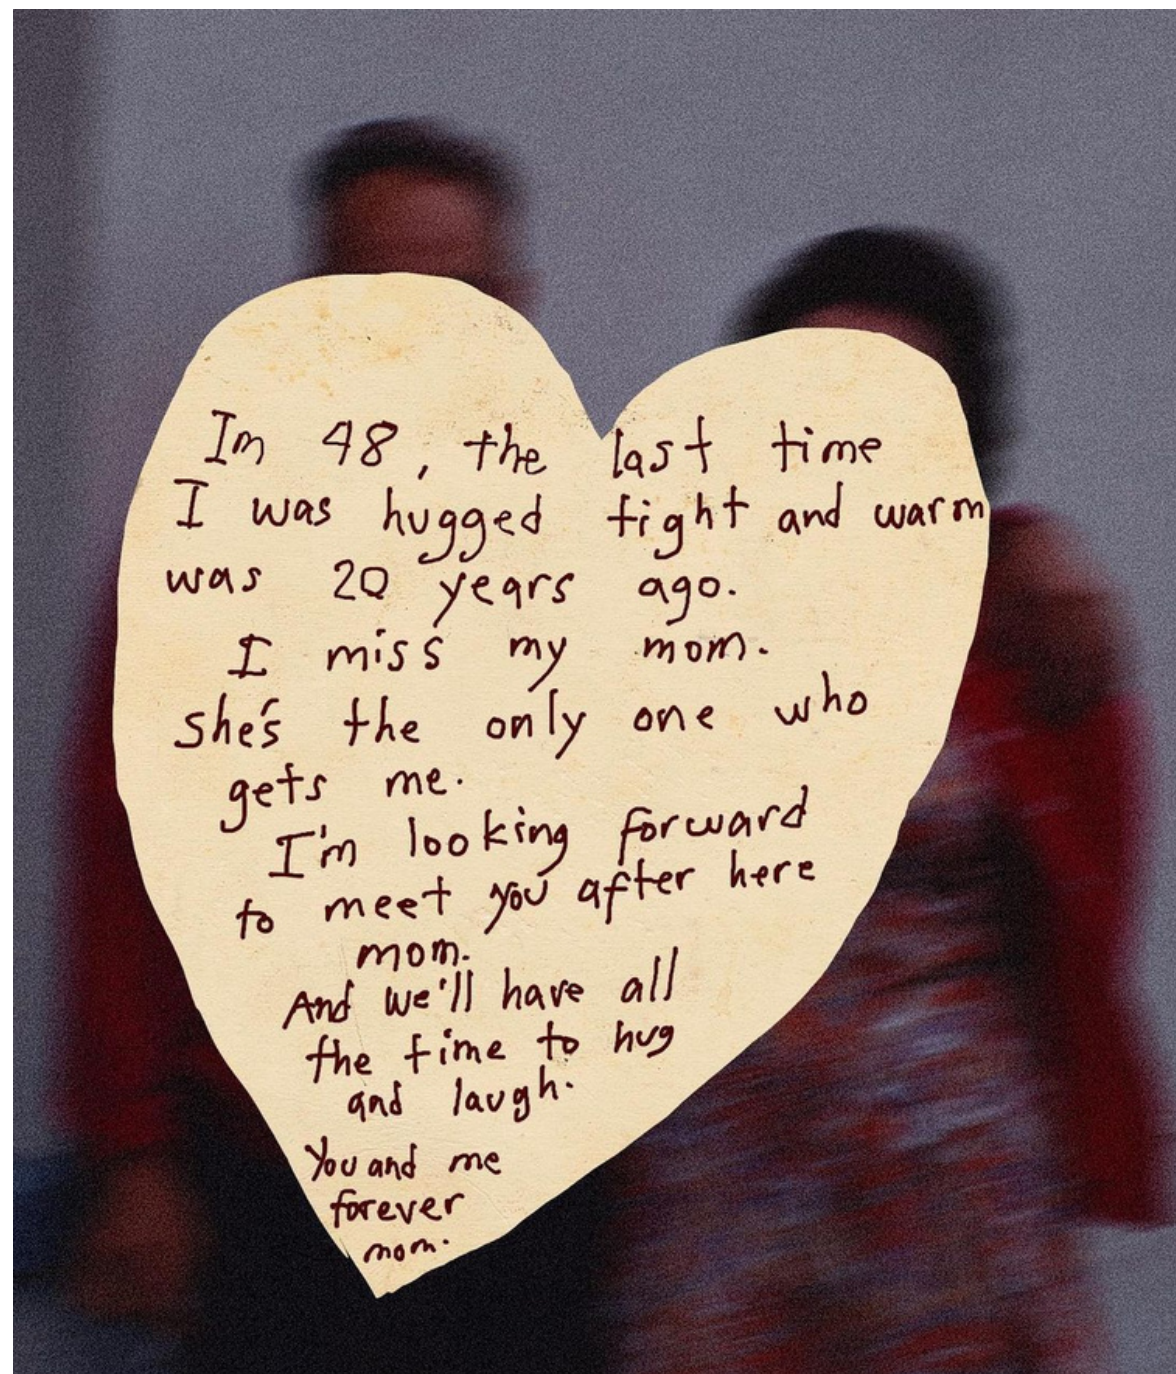

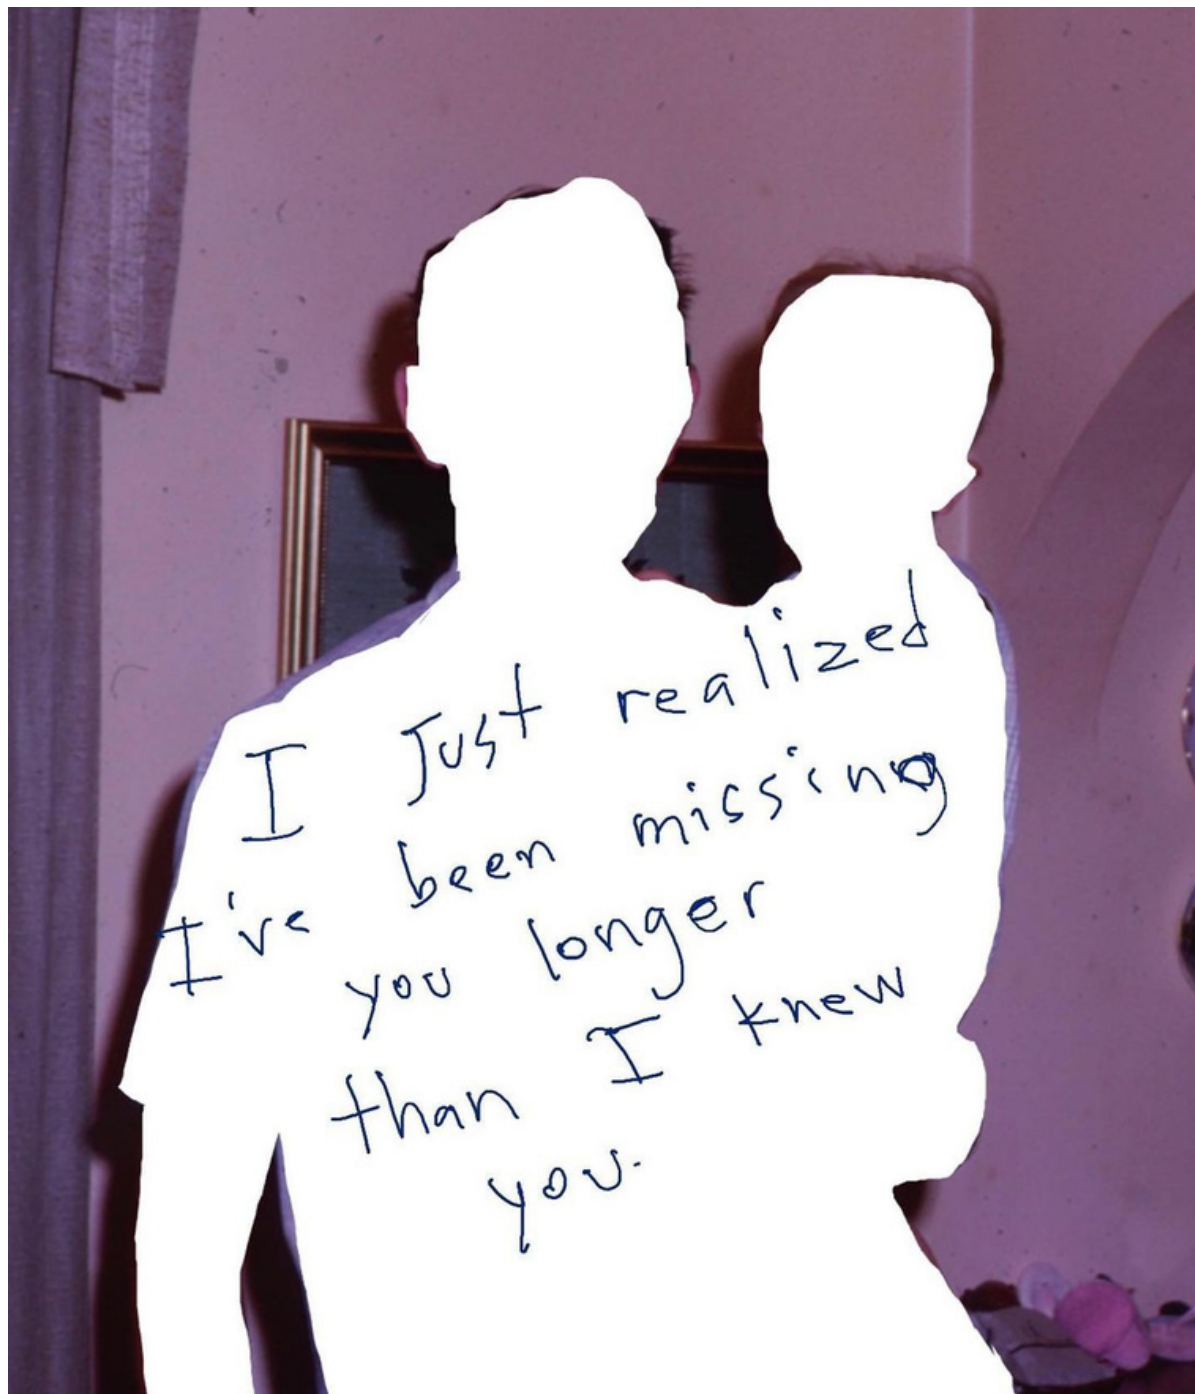

I received my first
salary today and I'm
celebrating alone in my
apartment but I know she's
with me. I know she's
Nana, I know you're here.
I have your favorite
fruit cake.

THINGS YOU WANTED TO SAY BUT NEVER DID

THINGS YOU WANTED TO SAY BUT NEVER DID

is a project where people can express the things they've always wanted to say but never had the courage to do so. This project aims to connect people through their experiences so no one feels alone. For every note, there is at least one person going through the same thing.

My job as a photographer is go on my film archive and look for the photo that I think will fit and write your note on it. I'll be sharing photos from the project regularly in my instagram account:
